MEET THE ARTIST BEHIND ON THE GOGH STUDIO

Michelle Boggess is a working artist in Metro Detroit, owner of Boggess Art and active member in the local arts community. She's exhibited her work throughout Metro Detroit, as well as national and international exhibitions.

I Created 'On The Gogh Studio' because I wanted to make art available to everyone by making creativity fun! Bringing art to places is how we help communities come together and get people involved & interested in what's going on around them. It makes us smile, helps us connect and has incredible effects on health. Art is at the core of community growth and plays a key role in the well being of our neighborhoods.
